

Frisco Bridges II

348-Unit Luxury Community with Amenities

Centrally located near its sister property Post Sierra in downtown Frisco, Frisco Bridges II includes 332 apartments and 16 townhomes in a four-story wood-frame wrap around a five-story garage. The community's expansive courtyard includes covered patio areas for year-round use. Frisco Bridges II's townhomes feature private, direct-access garages within the main parking garage. The project is constructed with high-end finishes and luxury amenities such as a pool, fitness center, and yoga room.
